- Adobe Premiere, After Effects, Photoshop, Audition, Media Encoder, Celtx, Arc Studio, experience using a multitude of AI tools, experience with various social media.

Experience

I have extensive experience in editing and storytelling. Over my 15 years as a professional video editor I've shown great adaptability, working on a variety of genres including short narrative, documentary, and commercial. I've been continually entrusted with high-level projects and branded content for companies such as Rockstar Energy, McDonald's, AMPM, Levi's, T-Mobile, and many more. I work to meet and exceed expectations and maintain a reputation for delivering high-quality work while establishing a friendly, efficient, and collaborative environment.
